Lplaistow3nr4@outlook.com

Norwich, Norfolk

07902 168970

SUMMARY

I have a keen interest and passion for programming, web development and mobile applications; delving into how websites and apps are built, the intricate structure and syntax of different languages, and how everything is stored, shared, and utilised via Git/Github. My soft skills have significantly developed in my career so I am now self-teaching in order to develop my technical knowledge.
